

Ligonier Township long-range road maintenance plan

The below list is an ESTIMATE of when each Township road will next be sealed with a chip-seal treatment. This is an estimate only, for the purposes of planning. Actual conditions of the road will determine whether the road actually needs to be treated, as the Township will not waste taxpayer money repairing a road that does not need to be repaired. Likewise, other roads may need to be done earlier than scheduled, if the road is failing.

Generally, the life expectancy of a road is:

Single, double, and triple coats of chip-seal: 5 years

Fiber mat: 7 years

Asphalt: 15 years

Concrete: 50 years

Road	Last Resurfaced	Resurfaced with	Estimated next resurfacing
Allen Drive	2017	Fibermat	2025
Ann Roberts Road	2022	Single seal	2027
Austraw Road	2019	Single seal	2025
Autumn Leaves Road	2024	Single seal	2029
Baltic Road	2023	Single seal	2028
Barron Road	Unknown		2025 or 2026
Baton Road	2023	Single seal	2028
Beech Drive	2021	Fibermat	2028
Bell Street	Unknown		2026?
Berkley Road	2024	Single seal	2028
Betz Road	2021	Single seal	2028
Brallier Drive	2024	Single seal	2029
Buell Lane	Unknown	Single seal	2025
Byers Lane	2022	Single seal	2027
California Avenue	2019	Fibermat	2026
Cavalry Street	2023	Single seal	2028
Carey School Road	2023	Single seal	2028
Center Street	2019	Fibermat	2026
Charleston Drive	2017	Fibermat	2025
Charlotte Drive	2022	Single seal	2027
Chrisner	2020	Fibermat	2027
Clark Hollow Road	2021	Single seal	2026
Claycomb Road	2023	Triple seal	2025
Clifford Woods Road	2024	Single seal	2029
Country Club Road	Unknown		2025 or 2026
Crossmead Drive	2022	Single seal	2027
Crystal Creek Drive	2017	Fibermat	2025
Darr Street	2019	Fibermat	2026

Road	Last Resurfaced	Resurfaced with	Estimated next resurfacing
Deerfield Lane	2017	Fibermat	2025
Dickey Road	2023	Single seal	2028
Dogwood Road	2017	Fibermat	2025
